Billetproof® Clutch Cover

TRIUMPH TF 450-RC

Congratulations, you have just purchased the finest clutch cover available. All Hinson Clutch Components are manufactured from T-6 aircraft aluminum with tolerances to aircraft specifications. Used by Team Honda, Team Red Bull KTM, and you can count on all our parts being race and championship proven.

Instructions:

1. Remove stock clutch cover.
2. Inspect the O-ring and re-install
3. Install your new Hinson clutch cover exactly as you removed your old cover.

For the best performance and life from your clutch assembly, we recommend you install new Hinson clutch plates. Also, we recommend using a petroleum based 10w-40 Racing Engine Oil and that you change your oil after each time you ride. We recommend you soak your clutch plates in oil before you install them. Do not use Kevlar or Carbon Fiber clutch plates as they will cause excessive wear and may void your warranty.
